

OUR BROKER COMPENSATION

Thank you for placing your insurance through Hargraft Schofield LP. As your independent Insurance Broker, we purchase insurance products and services on your behalf that are available, affordable and understandable. Our role is to provide you with the best insurance value that combines coverage, service and price. When any issue arises regarding your insurance, we are your advocate, using our professional experience to best represent your interests. Attached is a list of Insurers with whom we deal that also includes the range of compensation as a percentage of the overall premium each provides to Hargraft Schofield for our services.

In order for Hargraft Schofield to maintain strong relationships with quality Insurers, we work with each of them to provide the type of business they deem desirable. The Insurers indicated with an asterisk, recognize our efforts through a Contingent Profit Commission contract. Payment may depend on a combination of growth, profitability (loss ratio), volume, retention and increased services that we provide on behalf of the insurer. It is called "contingent commission" because it is not guaranteed income to the brokerage. Given the complex criteria involved there is no way to determine the exact impact that any particular insurance policy could have on contingency commissions and individual employees involved in placing or servicing your insurance are not compensated directly for any contingent income received. For further information on Contingent Profit Commissions, you may go to the Insurers' websites. Insurers also post the Code of Consumer Rights and Responsibilities on their websites.

On occasion, with more complex business insurance programs or where additional resources, products or services are necessary, an insurer may elect to negotiate a fee as form of payment to the broker either in lieu of, or sometimes in addition to, commission. All fees charged are outlined to the client in writing and are agreed to prior to the binding and placement of insurance.

Hargraft Schofield LP is a Limited Partnership and no insurance companies hold an ownership interest or investment in Hargraft Schofield. We want to reassure you that we are committed to clear and open communication with you, our client, by ensuring you have all the information necessary to make educated decisions and by listening and responding to any questions you have regarding this or any other aspect of your insurance.

We thank you for your continued patronage.
